LYMAN LEASE STANDS.

Commissioner of Public Lands James W. Pratt, who is now in Hilo, when seen by a Tribune representative regarding the leasehold of Kaumana land, granted to Eugene B. Lyman, and over troversy, said:

"On a verbal opinion of the Attorney General, everything appears regular in the right of purchase lease granted to Lyman, and unless fraud can be shown there does not seem to be any way to set the lease aside. The Government, however, has no control over the Kinney land to give Lyman an outlet or right of way to the Government road. I was anxious to please the citizens of Hilo, but there appears to be no law without a showing of fraud."

WAIAKEA PAVILION DEDICATED. The pavilion of the Waiakea Boat House, located on the Wajakea river, was dedicated last evening with a concert given by the Hilo band. The pavilion is a handsome structure, of pagoda design, 20x30 feet, and syrmounted are being sodded and the place will be transformed into a miniature park, affording a beautiful spot for residents of that vicinity. After the expenditure of considerable time and money, in constructing a sea wall, filling in and building the pavilion, the territorial government claims the property as its own, and has brought a suit in ejectment against R. A. Lucas to gain possession. All land lying between the government road and the river is claimed as government property. On the other hand the defendants claim they are within their Electrical repairing and overhauling rights, and that their title extends to low water mark. There promises to be a lively fight over the question, since

TO RAISE COCOA.

Hilo is soon to have a cacao plantation. J. E. Higgins, of the U. S. Experimental Station, has been in Hilo for the past ten days, perfecting arrangements whereby extensive experiments are to be made in the cultivation of cacao. work. Kamehameha V. wanted a road from which is obtained commercial chocolate of cocoa. The experiment will be co-operative. The trustees of the Hilo Boarding School have placed at the disposal of Mr. Higgins a plot of four acres of land in the rear of that institution, which will be immediately planted with cacao trees. The Hilo Board of Trade, ever alive to encourage growing industries, have generously offered to plow and prepare the ground and the Boarding School have agreed that the students will look after the cultivation of the plants. Only one acre will be planted at this time. The plants are expected to arrive by the next Kinau, which under the supervision of Expert Higgins, will be set out without delay. As the cacao requires a certain degree of shade a special variety of bananas will be utilized for this purpose and experiments in banana culture carried on at the same time. The mercantile cacao is a very profitable crop obtaining from twenty to twenty-four cents per pound. and yielding five pounds or more of fruit to the tree. Matured trees bear annually and require little attention if

### Purdy-Ohristal

The wedding of Miss Anita Christal and Major W. A. Purdy of Honolulu was celebrated on Wednesday night at the Paulist Church, the Rev. Father Wyman officiating.

Miss Christal is a beautiful girl, tall, well featured and stunning, and is the daughter of Dr. Christal of Santa Cruz -he who for some years was in charge

of the State Hospital at Agnews. The pretty bride was the granddaughter of the well-known Italian capitalist, A. Gresconi of Santa Cruz, who bequeathed her something like \$100,000 to be paid to her on her wedding day. And thus has the eventful day arrived. Her meeting with Major Purdy came about while on a visit to the Campbells of Honolulu, the daughters of whose household she met while a student at Notre Dame at San Jose,-Call, July 31.

## FREE TO MEN, AND WOMEN, TOO!

Do you want to be a big, husky man. with vim and power in your every action, with courage, self-confidence and ambition to "do things"? Dou you want to get rid of that feeling of gloom, that weakness in your back, that nervous, worn-out feeling which unfits you for

business or pleasure? Do you want to feel like a man all over, to hold up your head with the knowledge that you are the man that

I know that no man remains a weakling because he wants to. I am sure that you want to overcome every indication of early decay that has shown itself on you. I don' think the man lives who would not like to feel as big and strong as a Sandow, and I know

that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book in which I describe how I learned that strength was only electricity, and how I learned to restore it; also I want to tell you the names of some men who win tell you that when they came to me they were physical wrecks, and are now among the finest specimens of physical manhood.

I can do just as much for women as for men. I have thousands of letters from grateful women, who had spent years and money trying to get relief from drugs, and who came to me as a last resort and are cured now.

Why should you be suffering when you know that your friends and neighbors are being cured? Why, tr money you spend for drugs in a few months, if invested in my treatment, will assure you health and happiness for life. Don't you believe it? Then send for this book with the proof that I can give you, and you will be

Don't wait a minute. Send for this book now. If you will inclose this ad. I will send it sealed, free and will give you the names of your own neighbors who are cured. I will tell you whether I can cure you or not, if you will tell me your troubles
